CLASSIC FACIALS	
DEEP CLEANSING FACIAL	R560
A revitalising treatment that thoroughly cleanses the skin by removing impurities, excess oil and dead skin cells. This facial promotes a clearer, smoother complexion, enhancing skin texture and balance. Ideal for oily or congested skin, it leaves your face feeling refreshed and radiant. <i>Recommended every 2–4 weeks</i>	
NOURISHING FACIAL	R560
A luxurious treatment designed to deeply nourish and replenish the skin with essential moisture. Utilising advanced techniques and hydrating ingredients, this facial restores hydration, leaving your skin soft, plump, and glowing. Perfect for dry or dehydrated skin, it revitalises your complexion for a refreshed appearance. <i>Recommended every 4 weeks</i>	
SIGNATURE FACIALS	
DERMAPLANING FACIAL	R650
An advanced exfoliating treatment that gently removes dead skin cells and fine vellus hair, revealing a smoother, brighter complexion. This luxurious facial enhances skin texture, promotes radiance and improves product absorption, leaving your skin refreshed and glowing with vitality.	
ULTIMATE GLOW FACIAL	R680
A transformative, skin rejuvenation facial combining advanced nano-needling technology with luxurious skincare to deeply hydrate, stimulate collagen production and enhance radiance. This treatment smooths, firms and renews the skin, resulting in a luminous, youthful glow and a visibly rejuvenated complexion.	
TCA CHEMICAL PEEL	R710
A powerful resurfacing treatment using Trichloroacetic Acid (TCA) to deeply exfoliate the skin, improving texture, tone, and clarity. This peel targets fine lines, sun damage and acne scars, revealing smoother, brighter and more youthful skin. Ideal for those seeking dramatic skin rejuvenation and a radiant, even complexion.	
ADVANCED AESTHETICS	
SQT BIO MICRONEEDLING	
A powerful, natural skin regeneration treatment using 100% freshwater sponge spicules to deeply stimulate the dermis and accelerate cell turnover — without the use of acids, devices or needles. Ideal for concerns like stretch marks, scarring, dullness and ageing, SQT offers visible rejuvenation in a short time with no bleeding, anaesthetic, or downtime. Safe for most skin types (not suitable for inflamed skin).	
Revitalising	R1 785
Resurfacing	R1 785
Hydrating	R1 840
Anti-ageing	R2 586
JET PLASMA	
Advanced, non-invasive skin rejuvenation that lifts, firms and repairs — with no pain, downtime or anaesthesia. Jet Plasma uses cutting-edge plasma energy to penetrate deeply into the dermis, boosting collagen, improving tone and texture and helping treat acne, pigmentation, scars, stretch marks and more. Suitable for all skin types and areas of the body. Results continue to improve over 6–8 weeks. A course of 3 sessions (1 week apart) is recommended for best results.
